NEW

The Glen Mhor

40'x20' two bed | 45'x20' and 48'x20' three bed

REIVER LODGES

Introducing the **NEW** GLEN MHOR lodge from Reiver Lodges

A design classic ...and a beautiful home

A desirable and exciting new addition to the UK lodge market, the Glen Mhor is the result of extensive research and development within the leisure and park home industry to create a contemporary home that offers designer flair whilst remaining both practical and affordable.

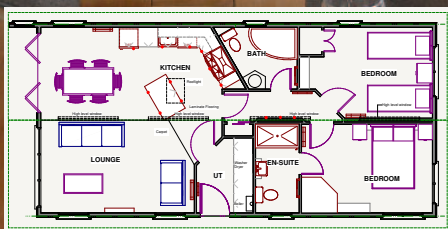

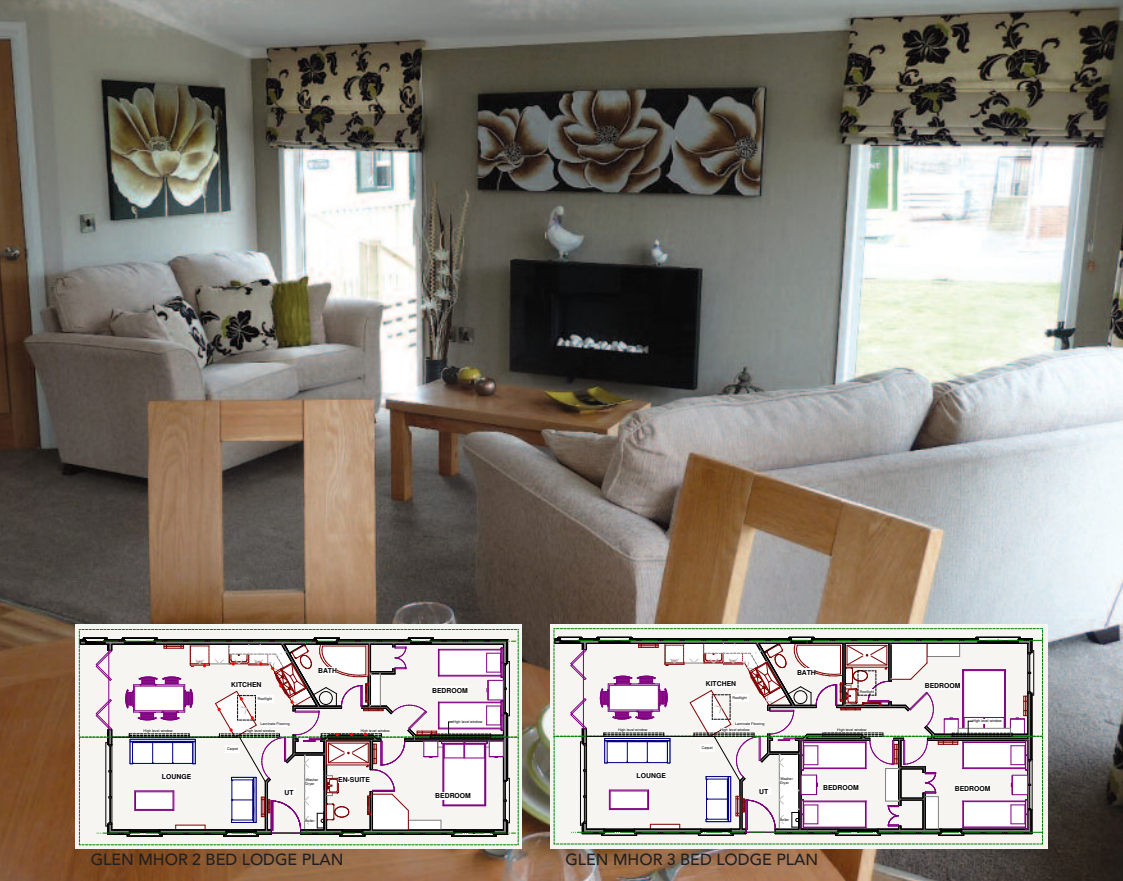

Visually stunning, the lodge is a statement of engineering excellence. The asymmetric roof, Siberian larch cladding and grey windows combine to produce a breathtakingly beautiful exterior.

Designed to stand out from the crowd, designed to be as individual as you are. Inside, the décor is truly class-leading.

The ergonomic kitchen, the intelligent use of space, the inspiring colour schemes, all creating an environment you will simply enjoy being in.

Built to BS 3632 and available in 40'x20', 45'x20' and 48'x20' versions, the three bedroom Glen Mhor is also available in an Eco version.

The Glen Mhor from Reiver Lodges. Quite simply ...superb!
